

Where are you now? Where do you want to be? Self-check and action planning

Embedded delivery – where are you now? Where do you want to be?

[Taking Stock: developing embedded LLN delivery within your organisation](#)

Use this simplified stock taking checklist to access relevant parts of this Kit and start the process of self-checking, prioritising and action planning.

[Literacy, Language and Numeracy Health Check: a whole organisation approach to improving quality \(Revised and updated March 2010\)](#)

Each section of the LLN Health Check can be downloaded separately – sections H and I are particularly important to the question of embedded delivery.

- A. Organisational strategy
- B. Operational plans
- C. Policies and procedures
- D. Quality improvement framework
- E. Management information systems
- F. Information, advice and guidance, marketing and learner recruitment
- G. Human resource strategy and continuing professional development planning
- H. Curriculum design and delivery**
- I. Resources and facilities**

[Making the most of the updated Health Check](#)

A guide to the using and customising the Health Check.
