

OUTSTANDING TEACHING, LEARNING AND ASSESSMENT TECHNICAL SKILLS NATIONAL PROGRAMME

**Master Technician Sessions Charanga VIP Studios Login
Created by: SoundSkool and Max Wheeler
January 2019**

Managed by

Website for accessing VIP Studio Sessions: <https://charanga.com/site/vip-studio-sessions/>

You can access the brochure and teachers can register for a free 30 day trial.

VIP Studios can be used by learners and teachers to create, produce and release music.

The Master Technician gave the learners and their teacher free access to this resource for their MT sessions.

The Charanga home page explains the types of musical online resources available and has links for Primary Teachers, Secondary Teachers as well as VIP Studios.

Charanga home page: <https://charanga.com/site/>

SoundSkool learners and their teacher were also supported by the MT when using VIPStudios and Ableton software to create and develop music for live performance.

MASTER TECHNICIAN SESSIONS - MAX WHEELER

Charanga VIP Studios Log in

In order to gain access to the Charanga VIP music production resources you will need to log in to the website via your unique ID log in.

Your tutor will provide you with your own log in details but you can use the ones provided below to view the resources for yourself.

Type this website into your browser: <http://vip.charanga.com>

You will be taken to a login page where you can enter the following details.

Username: tom55

Password: 2dd0

Once you've gained access to the site you can explore the various resources provided.

The main resources we will be using for this assignment are the Ableton resources, so you will need to go to the "Make Beats" menu then scroll down the left hand side to "Make Beats Offline" and start going through the Ableton videos, starting with video 1.

You can upload the music you've made and get feedback from the master technician Max Wheeler by using the "Send Us Your Tracks" button on the right hand side.
