Section 1 - Introduction

1.1 Purpose of this document

This document has been written by the UK Qualifications and Skills Team, part of the Learning and Skills Improvement Service (LSIS). It is a guide for those awarding organisations (AO), awarding bodies (AB) and higher education institutions (HEI) wishing to develop one or both of the following qualifications or recognised equivalents:

- **Level 3 Certificate in Teaching in the Lifelong Learning Sector**
- **Level 4 Certificate in Teaching in the Lifelong Learning Sector**

These qualifications will replace the Qualifications and Credit Framework (QCF) qualifications introduced in 2007¹. The qualifications were developed to meet the requirements of everyone involved, (or wishing to become involved) in an associate teaching² role in the further education (FE) sector in England. The changes have been made in response to sector demand for updating the qualifications and to provide increased flexibility to respond to the changing demands made of the further education sector.

During 2010/11, over 300 organisations and individuals contributed to a review of the generic and subject specific teaching qualifications developed in 2007. The qualifications were reviewed as an integrated suite, and changes in one qualification were reflected in others. This is especially true of the generic qualifications, where certain design features of the Awards are reproduced in the Certificates, and in turn reproduced in the overall structure of the Diploma. This is particularly important to note for awarding organisations which currently may be offering only a limited number of the qualifications.

The review did not include consideration of the Professional Standards for Teachers, Tutors and Trainers in the Lifelong Learning Sector (2006) as they continue to be well received. These standards continue to underpin practice in the sector as well as the

¹ Registrations on current certificate qualifications must end on 31st August 2012

² 'Teacher' is used in the document as a generic term that covers teachers, tutors, trainers, lecturers and instructors. For information on the associate teaching role download the document, [Defining teacher roles and responsibilities in the further education sector in England](#)

updated teaching qualifications. The standards are available on the LSIS excellence gateway. [Download the professional standards](#)

This document provides the technical information needed by awarding organisations, awarding bodies and higher education institutions to develop the Level 3 and Level 4 Certificate in Teaching in the Lifelong Learning Sector (CTLLS) qualifications. Additional guidance is available for HEIs: Qualifications for teaching in the FE sector in England: A companion guide for higher education institutions.

This document does not include general information for the sector. This will be made available in an LSIS guidance document in late autumn 2011. It will include introductory information on teaching qualification requirements, recent changes to the qualifications and progression routes.

1.2 How to use this document

The document is arranged as follows:

- **Section 1** provides background and brief design principles for the qualification suite as a whole. It also includes information on credit transfer and recognition.
- **Section 2** gives details of the qualification requirements and the rules of combination for the Level 3 Certificate in Teaching in the Lifelong Learning Sector.
- **Section 3** gives details of the qualification requirements and the rules of combination for the Level 4 Certificate in Teaching in the Lifelong Learning Sector (CTLLS)
- **Section 4** includes all mandatory and restricted optional units of assessment.

1.3 The design features of the qualifications

The design features of the updated qualifications are consistent with the main design features of the Qualifications and Credit Framework (QCF). Knowledge of the QCF is a pre-requisite for awarding organisations to be able to specify the qualification requirements. An up to date introduction to the QCF can be found on the Ofqual website www.ofqual.gov.uk.

Units of assessment

The units that make up the new CTLLS qualifications are now available for awarding organisations in the Regulatory Information Technology System (RITS) of Ofqual. When

an awarding organisation has a qualification available there will be public access to the units in 'The Register'. For all those developing qualifications, including higher education institutions, LSIS has included the mandatory and restricted optional units in this document. The open optional units of assessment are available in a separate document: *Qualifications for teaching in the FE sector in England - All open optional unit of assessment*. [Download the all open optional units document from the LSIS website.](#)

If you would like any of the units of assessment in word format please contact the

Information and Advice Service (IAS) on 0300 303 1877 or email:

lluk.advice@lsis.org.uk

The rules of combination for these qualifications are based on units of three different kinds. The distinctions are based in part on the regulatory requirements of the QCF and in part on priorities of LSIS. Each of the qualifications enables credits to be achieved through one or more of the following kinds of unit: mandatory units, restricted optional units and open optional units.

Mandatory units

As the QCF term implies, these are units that must be completed in order for the qualification to be achieved. There are far fewer mandatory credits in the updated qualifications compared to the certificate qualifications introduced in 2007. Reducing the number of mandatory units, and the proportion of credits that must be achieved through these units, opens up the opportunity to recognise a far wider range of achievements through optional units relevant to a wide range of employment roles. There may be concern that there are too few mandatory units in the updated qualifications compared to 2007 versions of the qualifications. However, it should be noted that some units are optional only in as much as the unit is available at level 3 and level 4 and for many others the choice is restricted (see below)

Restricted optional units

'Restricted' and 'open' are terms used by LSIS to draw a distinction between the ways that optional units are used in these qualifications. In the rules of combination optional units are grouped. Choice in some of the groups is limited to ensure that required content is covered while still allowing a degree of flexibility in the choice of units for part of a qualification. In particular, restricted optional units are used to provide the opportunity to take units from Learning and Development qualifications. Restricted optional units therefore encourage movement between different teaching activity and context within the

sector, while ensuring that essential skills and knowledge are covered within each qualification.

Open optional units

In addition to the restricted optional units, the qualifications also offer the opportunity to achieve credits through 'open' groups of optional units. As the term implies, these groups of units offer a wide range of opportunities for specialist or 'niche' skills and knowledge to be recognized within a qualification. They are used to recognise achievements within the qualifications that go beyond the essential requirements of a qualification but enhance professional expertise in a particular area. There is one group of open optional units in each of these certificate qualifications – Group G in the Level 3 qualification and Group I in Level 4. A list of open optional units is provided in each RoC in this document. The units themselves can be found in RITS and also a companion document: *Qualifications for teaching in the FE sector in England - All open optional units of assessment*.

Awarding organisations will use the RoC to develop their own qualifications. There is no requirement for them to offer all the open optional units in the RoC but they must offer sufficient to enable a learner to complete the qualification. LSIS expects that over time more units will be added to the open optional groups to ensure the qualifications are up to date and respond to changing demands on the sector. LSIS will work with partners to ensure a mechanism is developed for reviewing the open optional units and adding or removing them in a controlled way.

The open optional groups contain units developed specifically for these certificate qualifications in 2007. Units are also included that have been developed for other qualifications, including those for learning and development. These are considered appropriate for the many related roles undertaken by teachers - particularly in work based learning (WBL) and adult and community learning (ACL).

Open optional units available in the RoC in September 2011

All units available in the current RoC and in RITS are listed in Group G for the Level 3 Certificate and Group I for the Level 4. Units developed in 2007 have been updated and made compliant for the QCF. Units from the learning and development qualifications have also been included.

Open optional units available in the RoC in December 2011

Many units proposed as open optional units are still under consideration. Units from 2007 that are not currently in the RoC include those for technology. These have been delayed

to give more time for consideration of the findings of the recent LLUK review and rapidly changing practice in this area. Units from other suites of qualifications include those from working with parents, family learning, careers and management qualifications. At this time LSIS is working with partners, as part of its on-going review of units, to agree which of these units should be included and of those which would need updating and making compliant with the QCF. LSIS will also consider if the development of new units would be of value at this time. LSIS expects to complete the open optional lists of units by December 2011. Awarding organisations will be notified of any additions to these open optional groups at that time.

Listing of optional units

The group of open optional units will be extensive when other units are added in December. LSIS plans to provide the list of units organised in a number of ways to assist in the selection of units by awarding organisations, centres and individuals. The open optional groups in the RoC are presented in alphabetical order for easy reference. To assist individuals in the selection of units, LSIS will also developed lists of the units by level and by theme/subject. These will be included in the companion document containing all open optional units of assessment to be re-issued in December.

1.4 Progression

Teaching qualifications for the FE sector were reviewed and updated as an integrated suite, with changes in one qualification being reflected in others. Teachers in an associate teaching role should enrol on one of the certificate qualifications. If they wish to take a PTLLS award as a first step, the content of these programmes is included in the certificate programmes and can be recognised. If QCF qualifications are achieved the units and credits are recognised by all Ofqual recognised awarding organisations.

Having completed a Certificate qualification a teacher may then choose to undertake a DTLLS programme. They may do this because they have changed to a full teaching role or because they may wish to do so in the future. (Some may have taken the CTLLS as a step towards a DTLLS qualification. This is a misconception as the CTLLS was never designed as a staging qualification. Those in or aspiring to a full teaching role should enrol on a DTLLS programme. To enrol immediately on an appropriate teaching qualification is an efficient and effective route to qualification). As the mandatory and restricted optional units from these certificates are also included in DTLLS they will be able to use this credit towards achievement of the Diploma. In QCF qualifications the

twelve open optional credits will additionally contribute to the achievement of DTLLS. HEIs are encouraged to recognise this credit where they can.

However, moving from one qualification to another would not be easy without an agreement on the sequence of delivery. The QCF rules of combination do not require any particular sequence of unit delivery. Programme delivery may also be 'holistic' providing further barriers to movement from one programme to another. An agreement is especially important if a trainee teacher wishes to move from a qualification programme in the QCF to a qualification in the Framework for Higher Education Qualifications (FHEQ). HEI 'equivalent' qualifications do not have to follow the QCF structures and can vary significantly from one HEI to another. Level is an additional factor in progression to HEI programmes.

Continuing support for the 2007 credit transfer and recognition agreement between awarding organisations and higher education institutions was identified in the LLUK review of teaching qualifications. This agreement attempts to ease movement between programmes by establishing an overall sequence of delivery for this suite of qualifications and providing clear points of entry to programmes. The sequence includes whole and part qualifications. Not all the difficulties associated with the recognition of credit can be overcome by the agreement. It is important that potential trainee teachers have access to the information they need to make choices about the qualifications they need to undertake. Some of the important information is detailed here.

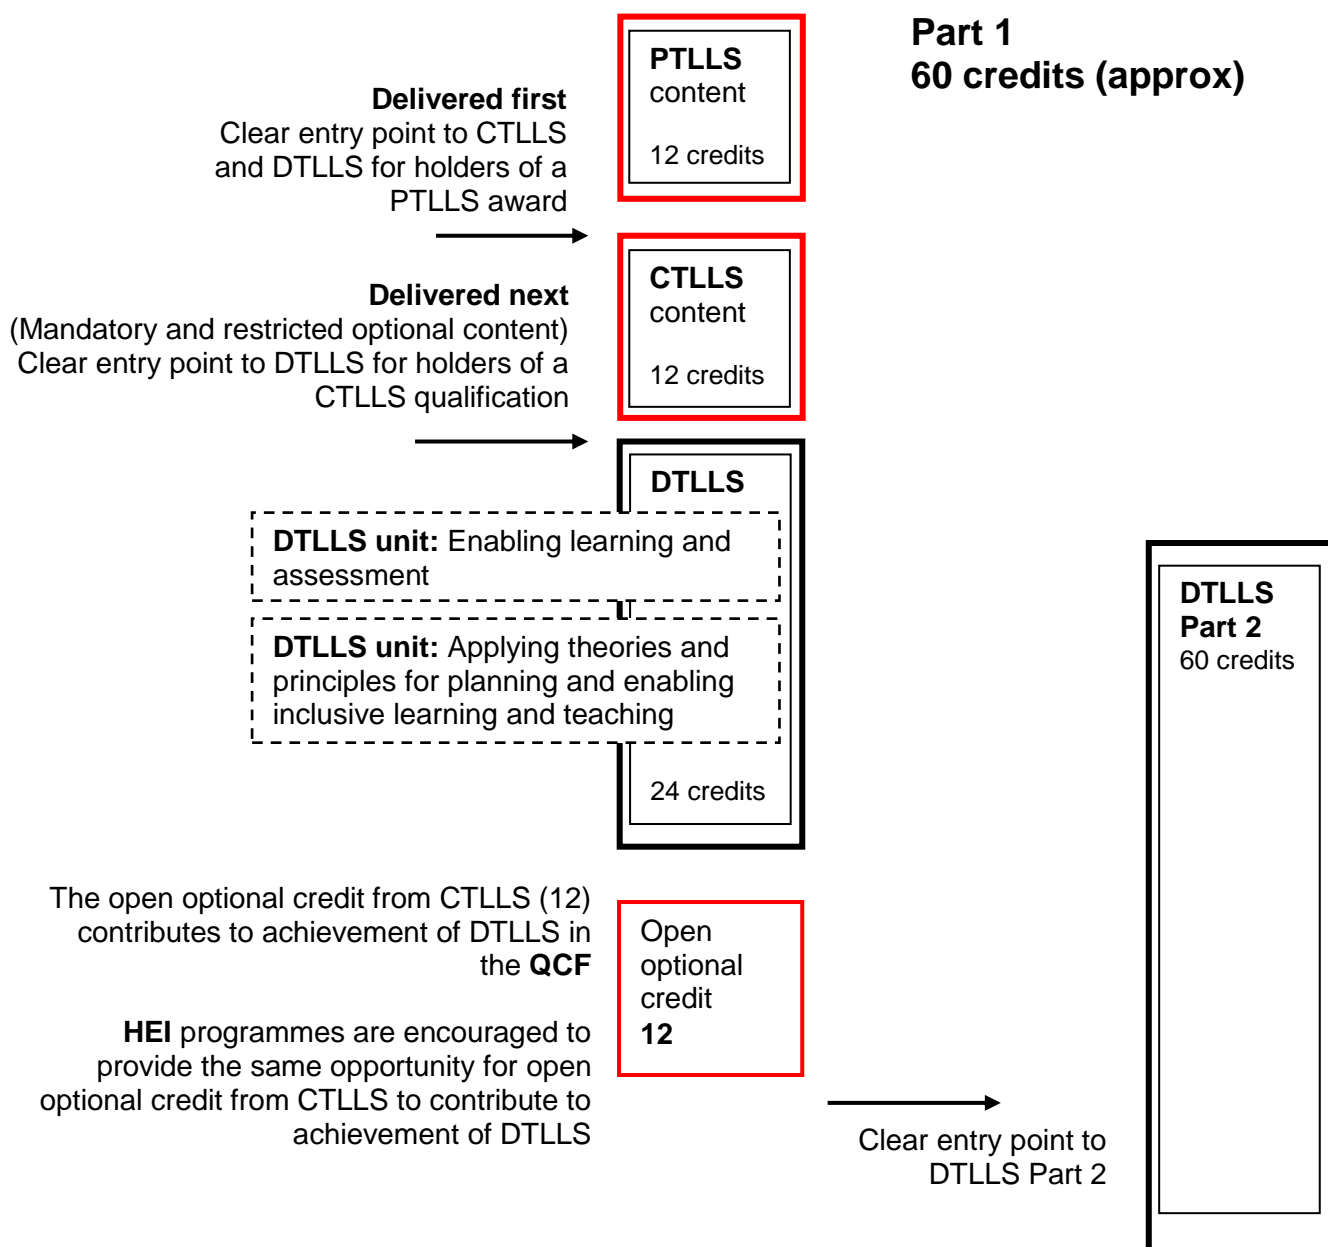

- LSIS requires the DTLLS qualification to be delivered in two parts of approximately sixty credits each (this can vary in some of the literacy, numeracy and ESOL diplomas). The mandatory and restricted optional units are assigned to one of the parts and must not be delivered in the other. The PTLLS and CTLLS elements are in Part 1. Sequencing delivery into two parts supports those wishing to move to another programme at a mid point, providing them with a clear entry point to Part 2.
- LSIS requires the units included in the PTLLS awards to be delivered before other units in these certificate qualifications. This will allow those who have achieved a PTLLS Award to join the CTLLS programme at an appropriate point. The units to be delivered first are specified for each qualification in the relevant section below
- Trainee teachers may join a certificate qualification programme already holding a PTLLS Award. LSIS recognises the six (6) and twelve (12) credit PTLLS

qualifications as meeting the same requirements. Therefore Recognition of Prior Learning will apply to the fullest extent between the two versions of the qualification when learners progress to CTLLS. This will also apply to progression to DTLLS. Learners should not be required to present new evidence during this process. Ofqual have confirmed their agreement to this approach

- The mandatory and restricted optional credit in the Certificate qualifications (24 credits) can be used towards achievement of the DTLLS qualification. LSIS requires DTLLS programmes to deliver the content of these CTLLS units in sequence after PTLLS. This will allow those who have achieved a CTLLS Certificate to join the DTLLS programme at an appropriate point. It is part of the transfer and recognition agreement that HEIs will also provide a similar opportunity.
- For qualifications developed in the QCF the twelve open optional credits from CTLLS will additionally contribute to the achievement of DTLLS. Recognising this credit is not part of the credit transfer and recognition agreement. HEIs are encouraged to support this recognition where possible.
- Achievement of the Diploma in Teaching in the Lifelong Learning Sector permits a maximum of twelve (12) credits at Level 3. Those trainee teachers undertaking PTLLS and CTLLS qualifications should be made aware of this when deciding which level of qualification to undertake. They should also be aware that is difficult for many HEIs to recognise credit at level 3.

Level 3 Certificate in Teaching in the Lifelong Learning Sector

The Level 3 Certificate Teaching in the Lifelong Learning Sector (CTLLS) is the teaching qualification developed particularly for the associate teaching role in the further education sector in England – though it can be used more widely. It prepares trainee teachers for teaching in a wide range of contexts. A Certificate in Teaching in the Lifelong Learning Sector at level 4 is also available. The primary purpose and content of the two certificate qualifications is the same. Candidates should choose the level of study appropriate for themselves. This may be influenced by their plans for progression to other teaching roles and qualifications.

These certificate qualifications are not appropriate for teachers of literacy, numeracy and ESOL. These teachers are deemed always to be undertaking a full teaching role. Teachers of literacy, numeracy and ESOL falling within the 2007 regulations must therefore achieve a teaching qualification for the full teaching role.

Purpose

The Level 3 Certificate qualification has been developed to meet a requirement of the Further Education Teachers' Qualifications (England) Regulations 2007 and related contractual requirements introduced by the funding agency at the same time. It is the required qualification for those teaching in an associate teaching role. The purpose of the qualification in the QCF: ***D2** Confirm the ability to meet a 'licence to practise' or other legal requirements made by the relevant sector, professional or industry body*

Please refer to the rules of combination below for details of guided learning hours for each unit of assessment.

Age range for Skills Funding Agency Purposes

These qualifications are listed as appropriate for learners of 19+

Entry requirements

All trainee teachers joining this qualification programme should undertake an initial assessment of skills in English, mathematics and ICT. They should record their development needs and agree an action plan to address them. If candidates join the qualification programme having already completed a PTLLS award, their record of development needs and previous action to address them should be reviewed.

There are no other nationally agreed entry requirements

Practice

There is a requirement for a minimum of 30 hours of practice. There is no requirement to evidence working with groups of learners to achieve this qualification unless units are undertaken that specify that purpose. There are particular requirements for certain units in this qualification. These requirements are detailed below.

Any appropriate location for practice will allow a trainee teacher to meet the requirements of the standards. LSIS recognises that initial teacher training remains an important first stage of engagement with the professional standards and preparation for a career practising in the sector. The practice component itself is a vital component of high quality initial training. Breadth in practice is a term used to denote several aspects of training:

- the number of teaching practice locations/settings/contexts
- teaching across more than one level
- teaching a variety of learners
- teaching individuals and groups
- experience of non-teaching roles
- gaining subject specialist knowledge through workplace mentoring.

LSIS recognises that whilst an effective teaching practice experience should ideally include all of these elements, individual trainee teachers and initial teacher training providers have limited control over access to all of them. LSIS supports any endeavour of ITE providers to ensure that trainee teachers have access to as many of these elements as possible during their teaching practice.

For the following units there is no requirement to undertake practice

- Roles, responsibilities and relationships in lifelong learning (Level 3)
- Understanding inclusive learning and teaching in lifelong learning (Level 3)
- Principles of assessment in lifelong learning (Level 3)
- Understanding the principles and practices of assessment (Level 3)

For the following unit there is a requirement to undertake micro teaching for assessment purposes.

- Using inclusive learning and teaching approaches in lifelong learning (Level 3)

This will allow candidates to start on programmes and achieve units without a practical teaching element

However, this is a minimum requirement and centres may wish to include a practice requirement for their programme.

The following units require candidates to undertake practice in a teaching and learning environment. This can be with individual learners, groups of learners or a combination of both.

- Delivering lifelong learning (Level 3)
- Assessing learners in lifelong learning (Level 3)
- Planning to meet the needs of learners (Level 3)
- Using resources for lifelong learning (Level 3)

Note: where trainee teachers are working solely with individuals a programme may also include support and preparation for working with groups when appropriate

The following units require candidates to undertake practice in a work environment. Practice should be in the appropriate context – either with groups of learners or with individual learners.

- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Assess vocational skills, knowledge and understanding (Level 3)
- Identify individual learning and development needs (Level 3)
- Develop and prepare learning and development resources (Level 4)

Other units from the qualifications for learning and development are available as open optional units. These also require candidates to undertake practice in a work environment.

- Develop learning and development programmes (Level 4)
- Engage learners in the learning and development process (Level 3)
- Engage with employers to develop and support learning provision (Level 3)
- Engage with employers to facilitate workforce development (Level 4)
- Identify the learning needs of organisations (Level 4)
- Internally assure the quality of assessment (Level 4)

Observed and assessed practice

There must be a minimum of 3 observations totaling a minimum of 3 hours. (This excludes any observed practice completed as part of a PTLLS award). Any single observation must be a minimum of half an hour. Observations should be appropriately spaced throughout the whole programme. Observations can be formative and summative. LSIS recognises the importance of feedback for the development of teachers in initial training. The awarding organisation will decide the sufficiency of evidence required make a judgment about the standard of practice. These are minimum requirements whatever combination of units is undertaken by a candidate to achieve the qualification. Awarding organisations may make additional requirements if they so wish. There are particular assessment requirements for certain units and these are detailed below.

All those observing and assessing practice should have:

- appropriate qualifications and experience to do so
- access to appropriate guidance and support
- on-going participation in related programme quality assurance processes

For the following units there is no requirement to observe and assess practice in a teaching and learning environment. This will allow candidates to start on programmes and achieve units without a practical teaching element. Awarding organisations may include a requirement in their qualification if they wish.

- Roles, responsibilities and relationships in lifelong learning (Level 3)
- Understanding inclusive learning and teaching in lifelong learning (Level3)
- Principles of assessment in lifelong learning (Level 3)
- Understanding the principles and practices of assessment (Level 3)

If no observation and assessment of practice is considered appropriate for a particular cohort undertaking these particular units then candidates should be involved in at least one hour of microteaching for the following unit.

- Using inclusive learning and teaching approaches in lifelong learning (Level 3)

Each candidate must deliver at least one 15 minute microteaching session which should be observed and assessed by a member of the delivery team. For the additional 45 minutes, candidates can either deliver additional microteaching sessions or observe the microteaching sessions of other candidates.

The following units require the practice of candidates to be observed and assessed in a teaching and learning environment. Observations can be formative and summative.

- Delivering lifelong learning (Level 3)
- Assessing learners in lifelong learning (Level 3)
- Planning to meet the needs of learners (Level 3)
- Using resources for lifelong learning (Level 3)

The following units assess occupational competence and require candidates to be assessed in a work environment. Practice assessed should be in the appropriate context – either with individual learners or groups of learners.

- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Identify individual learning and development needs (Level 3)
- Develop and prepare learning and development resources (Level 4)

There are additional requirements for those who assess these units. They must:

- have up-to-date working knowledge and experience of best practice in Learning and Development
- be occupationally competent in the units they are assessing
- hold one of the following qualifications or their recognised equivalent:
 - the Level 3 Award in Assessing Competence in the Work Environment or
 - the Level 3 Certificate in Assessing Vocational Achievement, or
 - A1 Assess candidate performance using a range of methods, or
 - D32 Assess candidate performance and D33 Assess candidates using differing sources of evidence; and
- show current evidence of continuing professional development in assessment and learning and development.

Units for assessing and assuring the quality of assessment

Many of the units in this suite of qualifications are available in the Level 3 Certificate in Teaching in the Lifelong Learning Sector

Included as restricted optional units are:

- Understanding the principles and practices of assessment (Level 3)
- Assess vocational skills, knowledge and understanding (Level 3)

Included as open optional units are

- Assess occupational competence in the work environment (Level 3)
- Understanding the principles and practices of internally assuring the quality of assessment (Level 4)
- Internally assure the quality of assessment (Level 4)

If these units are delivered the assessment strategy of the associated qualifications from the learning and development suite must be adhered to. This can be found in Appendix 1 of this document.

Credit transfer and recognition

Any of the following units selected from the CTLLS RoC must be delivered at the beginning of the programme:

- Roles, responsibilities and relationships in lifelong learning (Level 3)
- Understanding inclusive learning and teaching in lifelong learning (Level 3)
- Using inclusive learning and teaching approaches in lifelong learning (Level 3)
- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Principles of assessment in lifelong learning (Level 3)
- Understanding the principles and practices of assessment (Level 3)

This will support trainees to achieve the PTLLS requirement within their first year of training and will allow those holding a PTLLS award to join a CTLLS programme at an identified point.

Minimum core of literacy, language, numeracy and ICT

Knowledge, understanding and personal skills requirements for literacy, language, numeracy and ICT are included in the teaching qualifications. Details can be found in the document:

- ***Addressing Literacy, Language, Numeracy and ICT needs in education and training: Defining the minimum core of teachers' knowledge, understanding and personal skills. A guide for initial teacher education programmes (LLUK 2007)***

[Download the document from the LSIS Excellence gateway](#)

Requirements for knowledge and understanding elements

Elements should be selected appropriate to context and needs of each cohort of trainee teachers. The selected elements should be delivered and assessed across the following mandatory and restricted optional units:

- Delivering lifelong learning (Level 3)
- Assessing learners in lifelong learning (Level 3) **or**
Assess vocational skills, knowledge and understanding (Level 3)
- Planning to meet the needs of learners (Level 3) **or**
Identify the learning needs of individuals (Level 3)
- Using resources for lifelong learning (Level 3) **or**
Develop and prepare learning and development resources (Level 3)

There is no requirement to deliver or assess knowledge and understanding elements of the minimum core in the units of assessment that are part of the PTLLS requirement.

Requirements for personal skills elements in English, mathematics and ICT

All trainee teachers joining this qualification programme should undertake an initial assessment of skills in English, mathematics and ICT. If candidates join the qualification programme having already completed a PTLLS award, their record of development needs and previous action to address them should be reviewed. Using the results of these assessments programmes should provide the opportunity to develop their skills informed by the appropriate minimum core elements. Opportunities to develop these personal skills should be across the mandatory and restricted optional units as a minimum. LSIS supports opportunities to develop these skills throughout a teacher education programme. Teacher education teams should ensure that the personal skills developed are most appropriate for trainees for their professional role as associate teachers.

Level 4 Certificate in Teaching in the Lifelong Learning Sector

The Level 4 Certificate Teaching in the Lifelong Learning Sector is the teaching qualification developed particularly for the associate teaching role in the further education sector in England – though it can be used more widely. It prepares trainee teachers for teaching in a wide range of contexts. A Certificate in Teaching in the Lifelong Learning Sector at level 3 is also available. The purpose and content of the two certificate qualifications is the same. Candidates should choose the level of study appropriate for themselves. This may be influenced by their plans for progression to other teaching roles and qualifications.

These certificate qualifications are not appropriate for teachers of literacy, numeracy and ESOL. These teachers are deemed always to be undertaking a full teaching role. Teachers of literacy, numeracy and ESOL falling within the 2007 regulations must therefore achieve a teaching qualification(s) for the full teaching role.

Purpose

The Level 4 Certificate qualification has been developed to meet a requirement of the Further Education Teachers' Qualifications (England) Regulations 2007 and related contractual requirements introduced by the funding agency at the same time. It is the required qualification for those teaching in an associate teaching role.

The purpose of the qualification in the QCF D2 Confirm the ability to meet a 'licence to practise' or other legal requirements made by the relevant sector, professional or industry body

Entry requirements

All trainee teachers joining this qualification programme should undertake an initial assessment of skills in English, mathematics and ICT. They should record their development needs and agree an action plan to address them. If candidates join the qualification programme having already completed a PTLLS award, their record of development needs and previous action to address them should be reviewed.

Practice

There is a requirement for a minimum of 30 hours of practice. There is no requirement to evidence working with groups of learners to achieve this qualification unless units are undertaken that specify that purpose. There are particular requirements for certain units in this qualification. These are detailed below.

Any appropriate location for practice will allow a trainee teacher to meet the requirements of the standards. LSIS recognises that initial teacher training remains an important first stage of engagement with the professional standards and preparation for a career practising in the sector. The practice component itself is a vital component of high quality initial training. Breadth in practice is a term used to denote several aspects of training:

- the number of teaching practice locations/settings/contexts
- teaching across more than one level
- teaching a variety of learners
- teaching individuals and groups
- experience of non-teaching roles
- gaining subject specialist knowledge through workplace mentoring.

LSIS recognises that whilst an effective teaching practice experience should ideally include all of these elements, individual trainee teachers and initial teacher training providers have limited control over access to all of them. LSIS supports any endeavour of ITE providers to ensure that trainee teachers have access to as many of these elements as possible during their teaching practice.

The following units require candidates to undertake practice in a teaching and learning environment. This can be with individual learners, groups of learners or a combination of both.

- Delivering lifelong learning (Level 3 and Level 4)
- Assessing learners in lifelong learning (Level 3 and Level 4)
- Planning to meet the needs of learners (Level 3 and Level 4)
- Using resources for lifelong learning (Level 3 and Level 4)

Note: where trainee teachers are working solely with individuals a programme may also include support and preparation for working with groups when appropriate

For the following units there is no requirement to undertake practice

- Roles, responsibilities and relationships in lifelong learning (Level 3 and Level 4)
- Understanding inclusive learning and teaching in lifelong learning (Level 3 and Level 4)
- Principles of assessment in lifelong learning (Level 3 and Level 4)
- Understanding the principles and practices of assessment (Level 3)

For the following unit there is no requirement to undertake practice other than as microteaching for assessment purposes:

- Using inclusive learning and teaching approaches in lifelong learning (Level 3 and 4)

This will allow candidates to start on programmes and achieve units without a practical teaching element

However, this is a minimum requirement and centres may wish to include a practice requirement for their programme.

The following units require candidates to undertake practice in a work environment. Practice should be in the appropriate context – either with groups of learners or with individual learners.

- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Manage learning and development in groups (Level 4)
- Assess vocational skills, knowledge and understanding (Level 3)
- Identify individual learning and development needs (Level 3)
- Develop and prepare learning and development resources (Level 4)

Other units from the qualifications for learning and development are available as open optional units. These also require candidates to undertake practice in a work environment.

- Develop learning and development programmes (Level 4)
- Engage learners in the learning and development process (Level 3)
- Engage with employers to develop and support learning provision (Level 3)
- Engage with employers to facilitate workforce development (Level 4)
- Identify the learning needs of organisations (Level 4)
- Internally assure the quality of assessment (Level 4)

Observed and assessed practice

There must be a minimum of 3 observations totaling a minimum of 3 hours. (This excludes any observed practice completed as part of a PTLLS award). Any single observation must be a minimum of half an hour. Observations should be appropriately spaced throughout the whole programme. Observations can be formative and summative. The awarding organisation will decide the sufficiency of evidence required make a judgment about the standard of practice. These are minimum requirements whatever combination of units is undertaken by a candidate to achieve the qualification. Awarding organisations may make additional requirements if they so wish. There are particular assessment requirements for certain units and these are detailed below.

All those observing and assessing practice should have:

- appropriate qualifications and experience to do so
- access to appropriate guidance and support

- on-going participation in related programme quality assurance processes

For the following units there is no requirement to observe and assess practice in a teaching and learning environment. This will allow candidates to start on programmes and achieve units without a practical teaching element. Awarding organisations may include a requirement in their qualification if they wish.

- Roles, responsibilities and relationships in lifelong learning (Level 3 and 4)
- Understanding inclusive learning and teaching in lifelong learning (Level 3 and 4)
- Principles of assessment in lifelong learning (Level 3 and 4)
- Understanding the principles and practices of assessment (Level 3)

If no observation and assessment of practice is considered appropriate for a particular cohort then candidates should be involved in at least one hour of microteaching for the following unit.

- Using inclusive learning and teaching approaches in lifelong learning (Level 3 and 4)

Each candidate must deliver at least one 15 minute micro teaching session which should be observed and assessed by a member of the delivery team. For the additional 45 minutes, candidates can either deliver additional microteaching sessions or observe the microteaching sessions of other candidates.

The following units require the practice of candidates to be observed and assessed in a teaching and learning environment. Observations can be formative and summative.

- Delivering lifelong learning (Level 3 and Level 4)
- Assessing learners in lifelong learning (Level 3 and Level 4)
- Planning to meet the needs of learners (Level 3 and Level 4)
- Using resources for lifelong learning (Level 3 and Level 4)

The following units assess occupational competence and require candidates to be assessed in a work environment. Practice assessed should be in the appropriate context – either with individual learners or groups of learners.

- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Manage learning and development in groups (Level 4)
- Identify individual learning and development needs (Level 3)
- Develop and prepare learning and development resources (Level 4)

There are additional requirements for those who assess these units. They must:

- have up-to-date working knowledge and experience of best practice in Learning and Development
- be occupationally competent in the units they are assessing
- hold one of the following qualifications or their recognised equivalent:
 - the Level 3 Award in Assessing Competence in the Work Environment or
 - the Level 3 Certificate in Assessing Vocational Achievement, or
 - A1 Assess candidate performance using a range of methods, or
 - D32 Assess candidate performance and D33 Assess candidates using differing sources of evidence; and
- show current evidence of continuing professional development in assessment and learning and development.

Units for assessing and assuring the quality of assessment

Many of the units in this suite of qualifications are available in the Level 3 Certificate in Teaching in the Lifelong Learning Sector

Included as restricted optional units are:

- Understanding the principles and practices of assessment (Level 3)
- Assess vocational skills, knowledge and understanding (Level 3)

Included as open optional units are

- Assess occupational competence in the work environment (Level 3)
- Understanding the principles and practices of internally assuring the quality of assessment (Level 4)
- Internally assure the quality of assessment (Level 4)

If these units are delivered the assessment strategy of the associated qualifications from the learning and development suite must be adhered to. This can be found in Appendix 1 of this document.

Credit transfer and recognition

Any of the following units selected from the CTLLS RoC must be delivered at the beginning of the programme

- Roles, responsibilities and relationships in lifelong learning (Level 3 or level 4)
- Understanding inclusive learning and teaching in lifelong learning (Level 3 or level 4)
- Using inclusive learning and teaching approaches in lifelong learning (Level 3 or level 4)
- Facilitate learning and development for individuals (Level 3)
- Facilitate learning and development in groups (Level 3)
- Manage learning and development in groups (Level 4)
- Principles of assessment in lifelong learning (Level 3 or level 4)
- Understanding the principles and practices of assessment (Level 3)

This will support trainees to achieve the PTLLS requirement within their first year of training and will allow those holding a PTLLS award to join a CTLLS programme at an identified point.

Minimum core of literacy, language, numeracy and ICT

Knowledge, understanding and personal skills requirements for literacy, language, numeracy and ICT are included in the teaching qualifications. Details can be found in the document:

- ***Addressing Literacy, Language, Numeracy and ICT needs in education and training: Defining the minimum core of teachers' knowledge, understanding and personal skills. A guide for initial teacher education programmes (LLUK 2007)***

[Download the document from the LSIS Excellence gateway](#)

Requirements for knowledge and understanding elements

Elements should be selected appropriate to context and needs of each cohort of trainee teachers. The selected elements should be delivered and assessed across the following mandatory and restricted optional units:

- Delivering lifelong learning (Level 3 or level 4)
- Assessing learners in lifelong learning (Level 3 or level 4) **or**
Assess vocational skills, knowledge and understanding (Level 3)
- Planning to meet the needs of learners (Level 3 or level 4) **or**
Identify the learning needs of individuals (Level 3)
- Using resources for lifelong learning (Level 3 or level 4) **or**
Develop and prepare learning and development resources (Level 4)

There is no requirement to deliver or assess knowledge and understanding elements of the minimum core in the units of assessment that are part of the PTLLS requirement.

Requirements for personal skills in English, mathematics and ICT elements

All trainee teachers joining this qualification programme should undertake an initial assessment of skills in English, mathematics and ICT. If candidates join the qualification programme having already completed a PTLLS award, their record of development needs and previous action to address them should be reviewed. Using the results of these assessments programmes should provide the opportunity to develop their skills informed by the appropriate minimum core elements. Opportunities to develop these personal skills should be across the mandatory and restricted optional units as a minimum. LSIS supports opportunities to develop these skills throughout a teacher education programme. Teacher education teams should ensure that the personal skills developed are most appropriate for trainees for their professional role as associate teachers.

CREDIT LEVEL	3	
CREDIT VALUE	3	
Learning Outcomes	Assessment Criteria	
<i>The learner will</i>	<i>The learner can</i>	
1. Be able to plan inclusive learning and teaching sessions	1.1	Plan a session for learning and teaching that meets the needs of learners
	1.2	Justify the selection of approaches to meet the needs of learners
	1.3	Plan assessment methods to meet the needs of learners
2. Be able to deliver inclusive learning and teaching sessions	2.1	Apply learning and teaching approaches to meet the needs of learners
	2.2	Use resources to meet the needs of learners
	2.3	Communicate with learners to meet their needs and aid their understanding
	2.4	Provide constructive feedback to learners
3. Be able to evaluate own practice in delivering inclusive learning and teaching	3.1	Reflect on own approaches to delivering inclusive learning and teaching
	3.2	Identify areas for improvement in own practice

Additional Information about the unit	
Purpose and aim(s) of the unit	The purpose of the unit is to enable the learner to plan and deliver an inclusive learning and teaching session. It requires the learner to deliver a micro-teaching session and to evaluate their own delivery practice.
Unit available from	1 st April 2011
Unit review date	31st December 2015
Details of the relationship between the unit and relevant national occupational standards or other professional standards or curricula (if appropriate)	This unit is underpinned by the overarching professional standards for teacher, tutors and trainers in the lifelong learning sector
Guidance for developing assessment arrangements for the unit (if appropriate)	The learning outcomes need to be assessed through the delivery of a microteaching session or equivalent practice.
Additional assessment requirements specified by a sector or regulatory body (if appropriate)	none
Support for the unit by a sector or other appropriate body (if required)	Learning and Skills Improvement Service (LSIS)

UNIT TITLE	Using resources for lifelong learning	
CREDIT LEVEL	3	
CREDIT VALUE	3	
Learning Outcomes	Assessment Criteria	
<i>The learner will</i>	<i>The learner can</i>	
1. Be able to use resources in the delivery of inclusive learning and teaching	1.1	Use resources to promote equality, value diversity and contribute to the learning process
	1.2	Identify the benefits and limitations of resources in the delivery of inclusive learning and teaching
	1.3	Use resources to enable inclusive learning and teaching
	1.4	Adapt resources to meet the needs of learners and delivery models
2. Understand expectations of the minimum core in relation to using resources for lifelong learning	2.1	Explain how minimum core elements can be demonstrated when using resources for lifelong learning
	2.2	Apply minimum core elements when using resources for lifelong learning
3. Be able to evaluate own use of resources in the delivery of inclusive learning and teaching	3.1	Reflect on own practice in using resources to meet the needs of all learners
	3.2	Identify ways to improve own practice in using resources to meet the needs of all learners

Additional Information about the unit	
Purpose and aim(s) of the unit	The purpose of the unit is to enable the learner to use resources in the delivery of inclusive learning and teaching and to be able to evaluate that use. It covers expectations in relation to the minimum core in relation to using resources for inclusive learning and teaching.

Appendix 1

Assessment strategy for units for assessing and assuring the quality of assessment

1 Quality Assurance

A centre offering these qualifications must provide internal quality assurance to ensure assessment meets all awarding organisation requirements and is standardised across individual assessors, assessment locations and learners. In addition, the awarding organisation must ensure there is a robust system of external quality assurance to ensure quality and standardisation across centres.

Awarding organisations should apply appropriate risk rating measures to individual assessment centres and ensure that robust quality assurance systems are in place to manage these risks on an individual basis.

2 Requirements for Assessors

All those who assess these qualifications must:

- already hold the qualification (or previous equivalent qualification) they are assessing and have successfully assessed learners for other qualifications; if assessing quality assurance roles, they must have experience as a qualified quality assurance practitioner of carrying out internal or external quality assurance of qualifications for a minimum of two assessors
- have up-to-date working knowledge and experience of best practice in assessment and quality assurance
- hold one of the following qualifications or their recognised equivalent:
 - the Level 3 Award in Assessing Competence in the Work Environment *or*
 - the Level 3 Certificate in Assessing Vocational Achievement, *or*
 - A1 Assess candidate performance using a range of methods, *or*
 - D32 Assess candidate performance and D33 Assess candidate using differing sources of evidence.
- show current evidence of continuing professional development in assessment and quality assurance.

3 Requirements for Internal Quality Assurance

All those who quality assure these qualifications internally must:

- have up-to-date working knowledge and experience of best practice in assessment and quality assurance
- hold one of the following assessor qualifications or their recognised equivalent:
 - the Level 3 Award in Assessing Competence in the Work Environment, *or*
 - the Level 3 Certificate in Assessing Vocational Achievement, *or*
 - A1 Assess candidate performance using a range of methods, *or*
 - D32 Assess candidate performance and D33 Assess candidate using differing sources of evidence.
- hold one of the following internal quality assurance qualifications or their recognised equivalent:
 - the Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice, *or*
 - the Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice, *or*
 - V1 Conduct internal quality assurance of the assessment process, *or*
 - D34 Internally verify the assessment process.
- show current evidence of continuing professional development in assessment and quality assurance.
