

Offender Learning Support for Maths and English

The Education & Training Foundation

Key resources

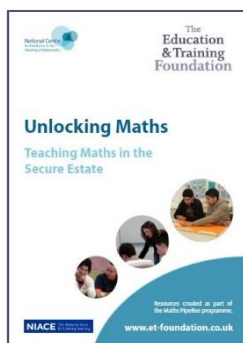

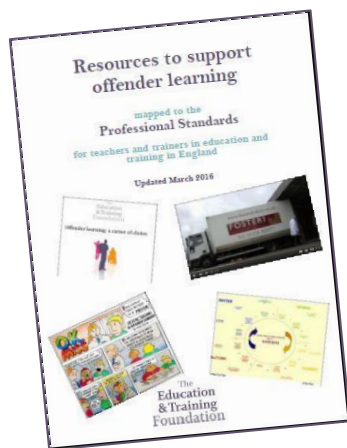

Maths, English and ESOL section of Exhibition site

Brings together a wide range of resources related to maths, English and ESOL:

<http://offender-learning.excellencegateway.org.uk/maths-english-and-esol>

Resources guide mapped to the Professional Standards

This guide is available in paper format and electronically and identifies how the resources showcased on the exhibition site can be used to support working towards the Professional Standards, e.g. Unlocking Maths and a guide to levels.

The 'Maths and English Levels Chart' is a complex table with multiple columns and rows. It details various levels of proficiency in Maths and English, including descriptions of skills and associated resources. The table is organized into sections for 'Maths' and 'English', with further sub-sections for different levels of achievement.

CPD courses

Following the successful delivery of Vocational Vitalisers, Tackling Realistic Maths Problems and Making Maths Engaging and Innovative, the Foundation are developing a menu of CPD that can be offered, flexibly, to those working in the secure estate to meet their needs.

Priorities identified so far for 2016-17 are:

- Vocational vitalisers
- Functional maths and English:
 - Tackling realistic problems; Making maths/English engaging and innovative
- Working together to embed maths and English
- Improving formative assessment for maths/English
- Motivating and engaging maths/English learners
- Introduction to mathematical resilience
- Upskilling existing English/vocational trainers to deliver maths as a 'second subject'.
