

Challenging Behaviour debrief form

Date

Name of person incident happened to

Name of person doing the debrief

This may be a tutor or head of department

Has the Accident and Incident form been filled?

This is a legal requirement but may also help the member of staff work through the effects of the incident

Place incident happened

This will be helpful to identify if, over time, there are any patterns to behaviours occurring in certain venues

People involved in incident staff/students

What intervention was used?

You might include any team teach methods or other interventions that work with the learner

What happened as a result of using the intervention?

This is extremely helpful to identify if the learner has responded well to any interventions used and if they have helped to reduce the learner's anxieties

What impact has this incident had on you personally?

Here you might like to record the feelings the people are telling you as it may help them to come to terms with what has happened and why it has affected them so personally. Coming to terms with phobias e.g relating to being bitten

Does there need to be a review of support plan challenging behaviour plan?
