

Intervention Strategies

Intervention workshops

The role of the intervention workshops is to provide mentoring or coaching support for learners with specific behaviour patterns that are impacting on their learning.

Referral criteria

- Learners with anger management problems
- Learners who have low confidence or self-esteem
- Learners with poor motivation or concentration levels

Programme details

Support will be provided by the NEETS team in the form of one-to-one or group workshops designed to help learners develop their own approaches to dealing with their specific issues. Teaching staff should refer learners by contacting Cheryl Dozzell in the first instance.
