

OTLA and me

Personal Growth and Development

CATHERINE JUN 15, 2018 08:17AM

OTLA

Has made me work differently and look at how the students need support individually.

OTLA

Building rapport with the tutor; being valued, liaising, adapting resources and then reflecting on the impact and what effect it has on the classroom dynamics are all outcomes that I have witnessed.

It has helped me reflect as a tutor and how I can support and enthuse my learners

My mindset has changed too

Made me build my own and learners resilience

Made me look at what my learners need rather than what the college needs

Collaborative working is the best

Really made me think

I like being a teacher again

And thank you Andy

Loved it can we continue?

Catherine you're so inspirational!

It has...

Made me more confident in the classroom, both with students and staff.

Massive thank you to Catherine for supporting us all with this project and also to Andy for the support he has given Catherine (and us) through the the project 👍🥰

The project has given me the opportunity to appreciate the potential effect of learning support in the classroom, especially if we work and plan lessons collaboratively

Your inventive resources have really made me understand much more

Woohoo !!!

It has made me relook at my practice an reaffirmed via my reflections that I cannot spell

Yessss it works !

Thank you

Hi its me

For giving me tools to develop, reach my potential and encourage students to do the same

And rog
