

What's involved?

- Look at examples of collages from a range of cultures and contexts
- Identify materials used in collages
- Discuss and express reasons for choice of collage design
- Plan and design a collage using a range of shapes
- Understand the skills involved in making a collage
- Identify and source materials to make a collage
- Understand children's skills development
- Understand child's literacy and numeracy skills in making a collage.
- Discuss and negotiate with child the design and plan
- Negotiation skills for making decisions in making collage
- Express yourself clearly in discussion
- Understand health and safety issues with making a collage

Speaking and listening skills

- Take turns listening and speaking with others in the group to share ideas about collage
- Take turns listening and speaking with child to agree design and make collage
- Recognise other people's contribution in the discussion
- Explain and give reasons for choices of materials for the collage
- Be able to express ideas and justify choices for collage
- Take part in conversations about the course

Making the collage

- Understand basic techniques and principles of making a collage
- Recognising and understanding qualities of texture
- Using scissors, glue to make a collage
- Identifying shape, colour and textures for making a collage

Supporting children's literacy and numeracy through making a collage

Literacy and language skills

- Read information on collage from different cultures
- Read information on different designs
- Talk with child about choices of design
- Develop language skills of shape and pattern

Numeracy skills

- Measure, shape and pattern to design the collage
- Measure paper and collage materials
- Use language of maths to discuss collage
- Estimate measurements and quantities of resources for making collage
- Use appropriate measuring instruments to make collage
- Understand fractions and percentages, for example quarter of the page, 50% of the page
- Understand symmetry

ICT skills

- Select appropriate information from range of internet sources to find ideas for making the collage
- Select shapes and tessellations using a computer
