What does citizenship Mean to you?

Have you heard about citizenship before? Well let me tell you!! Citizenship involves young people today like yourself all with the same aim of wanting to make a difference in the world today!!!!!! Citizenship deals with social issues or problems in the world today's world.

The main purpose of citizenship is that it allows young citizens like yourself to voice your opinions and to take action to show that your views count.

If you're sick of living in a world where in order for your views and opinions to count your judged on your worthiness : profession or status, or in a world where truth are lies.

If you really want to live in a world where your views and opinions count I suggest you do something about it!!!!!!

What If I told you that you have as much rights, as the governments and those heads of state!!!! Or that you too can make decisions of how the world runs tomorrow!!! Ask yourself this , what wrong are you doing by simply trying to make the world a better a place?

mAkE a DiFFErEnCe !!

If you want to make a difference in the world for yourself and the next generation, here's how:

- **raise awareness of a citizenship issue:** hold a event; exhibition, wider debate, drama (interactive to get people involved)
- **Influence decisions:** by taking part in a democratic processes through i.e.: youth council, public consultation or election and usual school/college services.
- **Increase representation:** by presenting a point of view on behalf of other at a meeting, encouraging and empowering others to participate in democratic process!!!
- **Make a change for the better :** by providing a service of benefit to others, organising a support group, supporting fair trade activities to protect the environment
